

Liberty Development Corporation gives

\$2,000,000

towards MSH expansion

L to R: MARKHAM STOUFFVILLE HOSPITAL FOUNDATION: Mark Lievonen, Suzette Strong, Peter Mason, Mayor Frank Scarpitti
LIBERTY DEVELOPMENT CORPORATION: Brendan Murphy, Latif Fazal, Fred Darvish, Marco Filice, Michael Uster
MARKHAM STOUFFVILLE HOSPITAL: Janet Beed

“I would like to thank Markham Stouffville Hospital for allowing us to be a part of the Hospital Family. As a community developer, we value our local hospital which provides care to Liberty customers every day.

I'm glad that I came to Canada. My architectural skills helped me to achieve what I have up to now. And now we are building the largest site in the GTA - in Thornhill, in the Town of Markham.”

Fred Darvish

Thirty years ago Fred Darvish immigrated to Canada from Iran unaware if a need for architects even existed. Now, he is President of Liberty Development Corporation, one of the largest developers of commercial and residential buildings in the Greater Toronto Area. Community involvement and philanthropy have always been key corporate principles for Liberty. This year, on the 30th anniversary of his arrival to Canada, Fred and his team marked the day by making a substantial contribution to the Markham Stouffville Hospital expansion campaign.

“We have always been very well received when asking business leaders to support our \$50 million hospital expansion campaign,” says Campaign Co-Chair, Mayor Frank Scarpitti. “Liberty is the first donor to tell us that \$1 million is not enough! That was how our \$1 million request of Fred and his partners became a generous \$2 million gift.”

In recognition of Liberty's generosity, the “Liberty Development Emergency Green Zone” has been named within the Hospital.
