NEW REFERRAL PRIORITIZATION GUIDELINES

Clinical staff at the Fracture Clinic will prioritize referrals based on the prioritization guidelines outlined below, These priorities will assist in the clinical decision making; however, referrals will be reviewed on an individual basis.

ASAP

- Patient will be given next available Fracture Clinic appointment irrespective of physician on call

Urgent

- Reduced or displaced fractures
- Potential surgical patients
- Paediatric patients with orthopaedic concerns
- Long Term Care residents with traumatic injuries
- Traumatic injuries for patients older than 75 years of age
- Patients with injuries that require immediate fracture or clinical management

Routine Acute Fracture Care

- Fractures requiring review
- Sports injuries requiring potential non urgent surgical intervention
- Patients with conditions other than Priority 1 who's needs cannot be met in the community setting

Non Urgent

- All others not captured in ASAP, Urgent & Routine
